Dear Barak,
It is great to hear from you. My colleague had a wonderful trip to Israel and very productive meeting with you and Professor Goldwasser. I am very impressed by the briefing of their visit. I am sure they will follow up the actions you agreed upon.
I am delighted that you come to China soon and hope to meet with you on Friday, May 29 in Shanghai around 10am. I look forward to continuing our discussion of potential cooperation very soon.
Best personal regards,
Mianheng

Dear Dr. Jiang
I hope this email finds you well.
We've enjoyed very much the delegation of SAIL in Israel.
We tried to introduce the delegation to IL companies which are really promising and might justify follow up action by both of us.
I believe the delegation will report to you and we will appreciate getting a feedback from you re how you would like to continue.
We intend to send Mr. Cai a draft MOU in few days for his response.
In the meantime I fly today to Kazakhstan. Later during the weekend to Beijing.
I'll be in Beijing from 24-28 May.
I would like very much to meet with you as well. Either if you're in Beijing, or to fly to Shanghai to be there on evening of 28th or 29th during the day.
Pl advise.
Looking forward to see you.
Best
Ehud Barak
